

**THE FACULTY OF MUSIC**  
**Master's and Doctoral Programs**  
**&**  
**SCHOOL OF THE ENVIRONMENT**  
**Collaborative Specialization in Environment and Health (CSEH)**

**COLLABORATIVE SPECIALISATION REQUIREMENTS FOR**  
**MASTER (MA) OF ARTS AND DOCTOR (PHD) OF PHILOSOPHY IN MUSIC,**  
**AND MASTER (MMus) OF MUSIC IN MUSIC PERFORMANCE**

Effective Date: September 2021

Concerning specific requirements for master's and doctoral degree students registered in the Faculty of Music and in the Collaborative Specialization in Environment and Health (CSEH) at the School of the Environment.

**MUSIC PROGRAM**

**Master (MA) of Arts (Field: Ethnomusicology)**

Masters students in this degree field must complete a total of 6.0 full-course equivalents (FCEs) in the home department. At least 30% (1.8 FCEs) of the courses taken towards the MA degree program must be in the area of the Collaborative Specialization in Environment and Health (CSEH) as follows:

- Take the mandatory core course ENV 4001H, plus one half-credit course elective from the approved list of courses at School of the Environment.
- The remaining 0.8 FCE can be satisfied through some combination of coursework as follows: the "Fieldwork Methods and Practicum" (MUS1002H) in the home unit, should include an environment and health related component. Alternatively, students can take an additional ENV course or an "Individual Research Course" (ENV3000H), or additional MUS courses that are formally cross-listed with the School of the Environment, or write a brief research paper (ENV5555Y) on an environment and health topic, which will meet the 30% requirement for CSEH.

NOTE: The CSEH coursework requirements may be counted as electives towards the MA degree program requirements.

**Master (MA) of Arts (Field: Music Education)**

Masters students in this degree field must complete a total of 4.0 full-course equivalents (FCEs) in the home department. At least 30% (1.0 FCEs) of the courses taken towards the MA degree program must be in the area of the Collaborative Specialization in Environment and Health (CSEH) as follows:

- Take the mandatory core course ENV 4001H, plus one half-credit course elective from the approved list of courses at School of the Environment.
- Write a major essay (MUS2990Y) in the home unit on an environment and health topic or include an environment and health related component, which will meet the 30% requirement for CSEH. A digital copy of the final essay must be submitted to the School of the Environment prior to convocation.

NOTE: The CSEH coursework requirements may be counted as electives towards the MA degree program requirements.

### **Master (MA) of Arts (Field: Music and Health Sciences)**

Masters students in this degree field must complete a total of 4.0 full-course equivalents (FCEs) in the home department. At least 30% (1.0 FCEs) of the courses taken towards the MA degree program must be in the area of the Collaborative Specialization in Environment and Health (CSEH) as follows:

- Take the mandatory core course ENV 4001H, plus one half-credit course elective from the approved list of courses at School of the Environment.
- It is recommended that “Clinical Research Practicum” (MUS7407H), taken in the home unit, should include an environment and health related component, which will meet the 30% requirement for CSEH.

NOTE: The CSEH coursework requirements may be counted as electives towards the MA degree program requirements.

### **Master (MA) of Arts (Field: Musicology)**

Masters students in this degree field must complete a total of 6.0 full-course equivalents (FCEs) in the home department. At least 30% (1.8 FCEs) of the courses taken towards the MA degree program must be in the area of the Collaborative Specialization in Environment and Health (CSEH) as follows:

- Take the mandatory core course ENV 4001H, plus one half-credit course elective from the approved list of courses at School of the Environment.
- The remaining 0.8 FCE can be satisfied through some combination of coursework as follows: take an additional ENV course or an “Individual Research Course” (ENV3000H), or additional MUS courses that are formally cross-listed with the School of the Environment, or write a brief “Research Paper” (ENV5555Y) on an environment and health topic, which will meet the 30% requirement for CSEH. A digital copy of the final research paper, if written, must be submitted to the School of the Environment prior to convocation.

NOTE: The CSEH coursework requirements may be counted as electives towards the MA degree program requirements.

### **Master (MA) of Arts (Field: Music Theory)**

Masters students in this degree field must complete a total of 6.0 full-course equivalents (FCEs) in the home department. At least 30% (1.8 FCEs) of the courses taken towards the MA degree program must be in the area of the Collaborative Specialization in Environment and Health (CSEH) as follows:

- Take the mandatory core course ENV 4001H, plus one half-credit course elective from the approved list of courses at School of the Environment.  
The remaining 0.8 FCE can be satisfied through some combination of coursework as follows: undertake the optional “Major Paper or Project” (MUS1990H) in the home unit and include an environment and health component. Alternatively, students can take an additional ENV course or an “Individual Research Course” (ENV3000H), or additional MUS courses that are formally cross-listed with the School of the Environment, or write a brief “Research Paper” (ENV5555Y) on an environment and health topic, which will meet the 30% requirement for CSEH. A digital copy of the final research paper must be submitted to the School of the Environment prior to convocation.

NOTE: The CSEH coursework requirements may be counted as electives towards the MA degree program requirements.

### **Doctor (PhD) of Philosophy**

**Fields: Ethnomusicology; Music Education; Music and Health Sciences; Musicology; and Music Theory.**

Doctoral students pursuing one of the fields indicated above must complete all degree program requirements as determined by the home unit, including:

- The mandatory core course ENV 4001H (0.5 FCE), unless already taken at the master's level, plus one half-credit (0.5 FCE) course elective from the School of the Environment list of courses.
- The thesis written in the home unit towards the PhD degree program must be on an environment and health topic or include an environment and health component.
- In addition, all PhD students are required to give an oral presentation of their doctoral research as part of the School's Environment and Health Seminar Series or Research Day, which is held once per year. For the latter, the oral presentation may or may not be done in conjunction with a summary poster, depending on the decided format of the School's Research Day in any given year.

It is recommended that each thesis committee will require a supervisor from the student's home department and at least one other member from another graduate unit, both of whom are also members of graduate faculty in the School of the Environment. If your supervisor is not a graduate faculty member of the School of the Environment, please contact the School's Graduate Student Advisor at [grad.office.env@utoronto.ca](mailto:grad.office.env@utoronto.ca).

A digital copy of the final thesis must be submitted to the School of the Environment prior to convocation.

NOTE: The CSEH coursework requirements may be counted as electives towards the doctoral degree program requirements.

## **MUSIC PERFORMANCE PROGRAM**

### **Master (MMus) of Music (Field: Applied Music and Health)**

Masters students in this degree field must complete a total of 7.0 full-course equivalents (FCEs) in the home department. At least 30% (2.0 FCEs) of the courses taken towards the MMus degree

program must be in the area of the Collaborative Specialization in Environment and Health (CSEH) as follows:

- Take the mandatory core course ENV 4001H, plus one half-credit course elective from the approved list of courses at School of the Environment.
- The remaining 1.0 FCEs can be satisfied through some combination of coursework as follows: take the “Clinical Research Practicum” (MUS7407H) and/or “Clinical Performance Practicum (MUS4122Y) in the home unit degree program and include an environment and health related component. Alternatively, the 30% requirement can be satisfied through some combination of coursework, such as: an “Individual Research Course” (ENV3000H), or additional MUS courses that are formally cross-listed with the School of the Environment, or write a brief research paper (ENV5555Y) on an environment and health topic. A digital copy of the final research paper, if written, must be submitted to the School of the Environment prior to convocation.

NOTE: The CSEH coursework requirements may be counted as electives towards the MMus degree program requirements.
