Jocelyn Liang

Degree and area of specialization:
BSc Environmental Science

Why did you choose to study in the School of the Environment?
I was interested in finding solutions for air pollution.

What is your favourite memory from your time with the School?
I liked the small class sizes, and the friendly professors and staff.

What have you learned about yourself through the program?
That having motivation is important.
Do you have any advice for incoming students?

Never give up, your dreams matter.

What are your plans upon graduation?

I plan to apply to graduate schools.
