Why did you choose to study in the School of the Environment?

I wanted to learn about my own personal and community impact on the environment living in a city as big as Toronto. As well, to learn about the correlation between issues of the environment and issues of equity.

What is your favourite memory from your time with the School?

Taking classes in the Earth Sciences Building and getting to walk by the green forest like space each morning.
Do you have any advice for incoming students?

Try your best to join a group or club early on in your undergraduate career. Community support and connection is critical to enjoying your time at the university!

What are your plans upon graduation?

I’m planning on attending graduate school.
