Why did you choose to study in the School of the Environment?

I was deeply interested in learning about how our environment is made, impacted by our actions, and how we can act to reverse our actions.

What is your favourite memory from your time with the School?

My favorite memory is going on a trip to the Koffler Scientific Reserve (KSR) for one of my environmental science courses.
What have you learned about yourself through the program?

I have learned about the things I can do to help better the state of our environment.

Do you have any advice for incoming students?

Find a balance between school and life. Set time aside to watch shows or read to give your brain a break.

What are your plans upon graduation?

Go to graduate school.

How have you been affected by the global COVID-19 pandemic? What are your thoughts about the future?

While I am quarantining at home, both my parents continue to work, causing me concern, since they are of older age.
